Color blocks are illustrations, not product photographs.

One source of product facts.

Item codes, composition and units stay consistent across the overview, editable data sheet and quotation. Commercial details require confirmation before real use.

ITEM CODE	PRODUCT	COMPOSITION	WEIGHT	WIDTH
DEMO-F01	Plain cotton fabric	100% cotton	150 g/m2	150 cm
DEMO-F02	Cotton twill fabric	100% cotton	220 g/m2	150 cm
DEMO-F03	Polyester woven fabric	100% polyester	180 g/m2	145 cm
DEMO-F04	Cotton linen blend	70% cotton / 30% linen	190 g/m2	140 cm

Verification note

This example does not claim certifications, test results, stock availability or manufacturing capacity. These fields must come from the supplier.

A quote you can check.

Example Q-DEMO-001

Currency USD / Quantity in metres

ITEM CODE	PRODUCT	QTY (m)	USD / m	AMOUNT USD
DEMO-F01	Plain cotton fabric	500	2.40	1,200.00
DEMO-F02	Cotton twill fabric	300	2.80	840.00
DEMO-F03	Polyester woven fabric	200	3.20	640.00
DEMO-F04	Cotton linen blend	100	3.60	360.00

EXAMPLE GOODS SUBTOTAL

USD 3,040.00

1,100 m in total. Freight, tax and other charges are not included in this illustrative goods subtotal and have not been estimated. This is not an invoice or an offer to sell goods.

Confirm the missing details.

A useful product pack shows which facts are known and which details still need an answer. The following commercial fields are deliberately unconfirmed in this demo.

01 Commercial terms

Named place, included charges and quotation validity.

02 Availability and timing

Minimum order quantity, available stock and the lead-time trigger.

03 Product evidence

Approved photos, tolerances and evidence for any certification claims.

NEXT BUYER QUESTION

Which item codes and quantities do you need, and what are your destination and required delivery date?
